SUBJECT INDEX

- Acid alpha naphthyl acetate esterase activity in bovine lymphocytes and monocytes or macrophages, Demonstration of 26
- Adrenergic drugs, Effect of, on glucose and plasma glucagon and insulin responses to xylazine in sheep 118
- Air sampling of pigs infected with foot-and-mouth disease virus: comparison of Litton and cyclone samplers 384
- Aldehyde-based disinfectants, Evaluation of the effect of, on the infectivity of faecal cryptosporidiosis for mice 379
- Ammonia concentrations, Arterial and venous, in the diagnosis of canine hepato-encephalopathy 17
- Ammonia tolerance test, Rectal, in the evaluation of portal circulation in dogs with liver disease 22
- Anaemia, Equine infectious: detection of antibodies using an immunofluorescence test 347
- Anthelmintic selection pressure, Effect of removing, on benzimidazole resistance status of *Haemonchus contortus* and *Trichostrongylus colubriformis* in sheep 54
- Anthelmintic treatment of ewes at parturition and lambs at weaning, Effect of, on the build up of *Haemonchus contortus* in lambs in the Netherlands 113
- Antibiotic action in the digestive tract, Small filter membrane bags for the study of: bioavailability and in situ efficacy of ampicillin in the pig caecum 338
- Antigen specific bovine isotypes and subisotypes, Importance of competitive binding in the detection of, by the micro ELISA 319
- Aspergillus fumigatus* infections of the frontal sinuses and nasal chambers of the dog, Rapid serological diagnosis of 167
- Aspirin and indomethacin, Effect of, on egg production in the domestic fowl (*Gallus domesticus*) 216
- Avian influenza infection, multiple: selection of a non-avid virus by a heterologous avian host 127
- β -mannosidosis, Alternative substrates for use in the detection of goats heterozygous for 73
- Bactericidal assay, In vitro, of bovine polymorphonuclear leucocytes against a group B streptococcus 240
- Basophils, chicken, Demonstration of the phagocytic activity of, in the reversed Arthus reaction using colloidal carbon 377
- Benzimidazole resistance status of *Haemonchus contortus* and *Trichostrongylus colubriformis* in sheep, Effect of removing anthelmintic selection pressure on 54
- Blood cellular components, serum protein concentrations and serum enzyme activities in buffaloes infected with *Fasciola gigantica*, Changes in 262
- Blood vessels in the developing growth plate of the equine distal radius and metacarpus 159
- Bluetongue virus, Production of murine cytotoxic T lymphocytes by, following various immunisation procedures 212
- Border disease in goats in Norway 130
- Bordetella bronchiseptica*, Ultrastructural changes in the nasal turbinate bones of pigs in early infection with 37
- Brucella abortus* infection, Experimental, in the horse: observations during the three months following inoculation 351
- Buffaloes infested with *Fasciola gigantica*, Changes in blood cellular components, serum protein concentrations and serum enzyme activities in 262
- Bypass, reversible upper respiratory, Retinal vein diameter during 243
- Calcium mobilisation in hypomagnesaemic cattle 10
- Cell loss, Measurement of, from two spontaneous canine tumours 375
- Cholestasis markers, so called, Value of, in the dog: an experimental study 309
- Counterimmunoelectrophoresis, Serodiagnosis of *Dermatophilus congolensis* infection by 265
- Crypt elongation and villus atrophy in the small intestine of preruminant calves fed with heated soyabean flour or wheat gluten 305
- Cryptosporidia, Distribution of, within the gastrointestinal tract of young calves 228
- Cryptosporidiosis, faecal, Evaluation of the effect of two aldehyde-based disinfectants on the infectivity of, for mice 379
- Dermatophilus congolensis* infection, Serodiagnosis of, by counterimmunoelectrophoresis 265
- Digestive tract, Small filter membrane bags for the study of antibiotic action in: bioavailability and in situ efficacy of ampicillin in the pig caecum 338
- Dirofilaria immitis* larvae, third-stage, in ferrets and dogs, Efficacy of ivermectin against 386
- Disc electrophoresis of phenol:acetic acid:water-soluble proteins for the identification of *Yersinia* species 43
- Disinfectants, aldehyde-based, Evaluation of the effect of, on the infectivity of faecal cryptosporidiosis for mice 379
- Duodenogastric reflux in the dog, a clinicopathological study 280
- East Coast fever (*Theileria parva* infection in cattle), Indirect fluorescent antibody test for experimental and

- epizootiological studies on, Evaluation of a cell culture schizont antigen fixed and stored in suspension 360
- Echinococcus granulosus*, Immunisation of lambs against, using antigens obtained by incubation of oncospheres in vitro 132
- Egg production in the domestic fowl (*Gallus domesticus*), Effect of administering two prostaglandin synthetase inhibitors (indomethacin and aspirin) on 216
- Eimeria tenella* in chickens, *Salmonella typhimurium* infection stimulated by, Establishment and persistence of 95
- Electron microscopic visualisation of the in vitro phagocytosis of group B streptococci by bovine polymorphonuclear leucocytes 333
- ELISA, micro, Importance of competitive binding in the detection of antigen specific bovine isotypes and subisotypes by 319
- Endotoxin-induced fever and associated haematological and blood chemical changes in the goat: the effect of repeated administration and the influence of flurbiprofen 248
- Enterococci from the intestines of animals, Resistance to macrolide-lincosamide-streptogramin antibiotics in 70
- Enzymes, Activities of, in the tissues of the blue fox 295
- Epidermal structure and surface topography of canine skin 99
- Equine infectious anaemia: detection of antibodies using an immunofluorescence test 347
- Escherichia coli* and *Staphylococcus aureus*, A role for IgM in the in vitro opsonisation of, by bovine polymorphonuclear leucocytes 47
- Escherichia coli*, Pathogenesis of experimental bovine mastitis following a small inoculum of 105
- Fallow deer (*Dama dama*) in England, Some haematological data for 205
- Fasciola gigantica*, Changes in blood cellular components, serum protein concentrations and serum enzyme activities in buffaloes infested with 262
- Fasciola hepatica*, Absorption of protective components from serum of cattle infected with 263
- Fasciola hepatica*: antibody levels in sheep serum before and after treatment with anthelmintic 328
- Feline viral rhinotracheitis virus: explant and cocultivation studies on tissues collected from persistently infected cats 270
- Foot-and-mouth disease virus, Air sampling of pigs infected with: comparison of Litton and cyclone samplers 384
- Fox, blue, Activities of enzymes in the tissues of 295
- Gastric secretion, Pentagastrin stimulated, in the dog (orogastric aspiration technique) 232
- Gastrointestinal tract of young calves, Distribution of cryptosporidia within 228
- Glucose and plasma glucagon and insulin responses to xylazine in sheep, Effect of adrenergic drugs on 118
- Glucose metabolism, Activities of some enzymes of, in bovine liver and kidney cortex at three stages of lactation 287
- Glutathione, Red blood cell, as a marker of milk production in Finn sheep 256
- Growth plate, developing, of the equine distal radius and metacarpus, Blood vessels in 159
- Haematological and blood chemical changes, associated [with] Endotoxin-induced fever, in the goat: the effect of repeated administration and the influence of flurbiprofen 248
- Haematological data for fallow deer (*Dama dama*) in England 205
- Haematological findings in red-necked wallabies (*Protemnodon rufogrisea*) with necrobacillosis 290
- Haemonchus contortus* and *Trichostrongylus colubriformis* in sheep, Effect of removing anthelmintic pressure on the benzimidazole resistance status of 54
- Haemonchus contortus* in lambs in the Netherlands, Effect of anthelmintic treatment of ewes at parturition and lambs at weaning on the build up of 113
- Hepato-encephalopathy, canine, Arterial and venous ammonia concentrations in the diagnosis of 17
- Hoof, ovine, In vitro penetration and absorption of chemicals into 192
- Horn cancer serum, Bovine, Effect of, on E-rosetting capacity of peripheral blood lymphocytes from normal unaffected animals 138
- Hydrolase activity, Lysosomal, in leucocytes from cattle, sheep, goats, horses and pigs 275
- Hypomagnesaemic cattle, Calcium mobilisation in 10
- IgM, A role for the in vitro opsonisation of *Staphylococcus aureus* and *Escherichia coli* by bovine polymorphonuclear leucocytes 47
- Immune protection of birds against a stock of *Trypanosoma brucei* 135
- Immunisation, Effect of, on the early influx of neutrophils during staphylococcal mastitis in ewes 146
- Immunisation of lambs against *Echinococcus granulosus* using antigens obtained by incubation of oncospheres in vitro 132
- Immunoglobulin response of rabbits infected with malignant catarrhal fever virus 120
- Indomethacin and aspirin, Effect of, on egg production in the domestic fowl (*Gallus domesticus*) 216
- Influenza infection, Multiple avian: selection of a non-avid virus by a heterologous avian host 127
- Infusion, isolated cutaneous, in sheep, Preparation of 123
- Insulin, glucose and plasma glucagon responses to xylazine in sheep, Effect of adrenergic drugs on 118
- Ivermectin, Efficacy of, against third-stage *Dirofilaria immitis* larvae in ferrets and dogs 386
- Lactation, Activities of some enzymes of glucose metabolism in bovine liver and kidney cortex at three stages of 287
- Leucocytes, bovine polymorphonuclear, Electron microscopic visualisation of the in vitro phagocytosis of group B streptococci by 333
- Leucocytes, bovine polymorphonuclear, In vitro bactericidal assay of, against a group B streptococcus 240
- Leucocytes from cattle, sheep, goats, horses and pigs, Lysosomal hydrolase activity in 275

- Levamisole, Restoration of E-rosette formation by, and its abrogation by autochthonous serum from cattle with squamous cell carcinoma of horn 142
- Liver, bovine, Maximum capacity of, to remove manganese from portal plasma and the effect of the route of entry of manganese on its rate of removal 89
- Liver disease, Rectal ammonia tolerance test in the evaluation of portal circulation in dogs with 22
- Lymphoblastoid cells, bovine, parasitised by *Theileria parva*, Cycle of 298
- Lymphocytes and monocytes or macrophages, bovine, Demonstration of acid alpha naphthyl acetate esterase activity in 26
- Lymphocytes, peripheral blood, from normal unaffected animals, Effect of bovine horn cancer serum on E-rosetting capacity of 138
- Lysosomal hydrolase activity in leucocytes from cattle, sheep, goats, horses and pigs 275
- Macrolide-lincosamide-streptogramin antibiotics, Resistance to, in enterococci from the intestines of animals 70
- Malignant catarrhal fever virus, Immunoglobulin response of rabbits infected with 120
- Manganese — Maximum capacity of bovine liver to remove manganese from portal plasma and the effect of the route of entry of manganese on its rate of removal 89
- Mannosidosis — Alternative substrates for use in the detection of goats heterozygous for β -mannosidosis 73
- Mastitis, experimental bovine, Pathogenesis of, following small inoculum of *Escherichia coli* 105
- Mastitis, staphylococcal, in ewes, Effect of immunisation on the early influx of neutrophils during 146
- Metacarpus and equine distal radius, Blood vessels in the developing growth plate of 159
- Metrifonate and praziquantel, Effects on, on *Schistosoma bovis* infections in Sudanese cattle 125
- Milk production in Finn sheep, Red blood cell glutathione as a marker of 256
- Mycotoxins — A comparative study of sheep and pigs given the tremorgenic mycotoxins verruculogen and penitrem A 183
- Nasal turbinate bones of pigs, Ultrastructural changes in early infection with *Bordetella bronchiseptica* 37
- Necrobacillosis, Haematological findings in red-necked wallabies (*Protemnodon rufogrisea*) with 290
- Neutrophils, Effect of immunisation on the early influx of, during staphylococcal mastitis in ewes 146
- Ostertagia* spp, bovine, Field study on the epidemiology and pathogenicity of different isolates of 313
- Parasitised sheep, Quantitative recovery of isolated mucosal mast cells and globule leucocytes from 58
- Pentagastrin stimulated gastric secretion in the dog (orogastric aspiration technique) 232
- Periodontitis ('broken-mouth') in sheep, Histopathology of: a further consideration 64
- Phagocytic activity of chicken basophils, Demonstration of, in the reversed Arthus reaction using colloidal carbon 377
- Phagocytosis, in vitro, of group B streptococci by bovine polymorphonuclear leucocytes, Electron microscopic visualisation of 333
- Phenol:acetic acid:water-soluble proteins, Disc electrophoresis of, for the identification of *Yersinia* species 43
- Pigs and sheep given the tremorgenic mycotoxins verruculogen and penitrem A, A comparative study of 183
- Plasma glucagon, insulin and glucose responses to xylazine in sheep, Effect of adrenergic drugs on 118
- Pneumonia, calf, A search for new microorganisms in, by the inoculation of gnotobiotic calves 170
- Pneumonia, enzootic, of pigs, A method of assessing induced resistance to 188
- Pneumonia, experimental piglet, induced with pneumonic pig lung homogenate containing mycoplasmas, bacteria and viruses, Tylosin tartrate and tiamulin effects on 76
- Praziquantel and metrifonate, Effects of, on *Schistosoma bovis* infections in Sudanese cattle 125
- Prostaglandin synthetase inhibitors (indomethacin and aspirin), Effect of, on egg production in the domestic fowl (*Gallus domesticus*) 216
- Protein loss, Urinary, in the dog: nephrological study of 29 dogs without signs of renal disease 366
- Radius, equine distal, and metacarpus, Blood vessels in the developing growth plate of 159
- Red blood cell glutathione as a marker of milk production in Finn sheep 256
- Resistance to macrolide-lincosamide-streptogramin antibiotics in enterococci from the intestines of animals 70
- Respiratory bypass, reversible upper, Retinal vein diameter during 243
- Respiratory syncytial virus infections, spontaneous bovine, Clinical and pathological observations on, in calves 152
- Retinal vein diameter during reversible upper respiratory bypass 243
- Rhinotracheitis virus, Feline viral: explant and cocultivation studies on tissues collected and persistently infected cats 270
- Rinderpest virus antigens, Detection of, in vitro and in vivo by direct immunofluorescence 198
- Salmonella antigens, Defined, for detection of cellular and humoral immune responses in salmonella infected calves 221
- Salmonella typhimurium* infection stimulated by *Eimeria tenella* in chickens, Establishment and persistence of 95
- Schistosoma bovis* infection in sheep, Clinical pathology of 382
- Schistosoma bovis* infections in Sudanese cattle, Effects of praziquantel and metrifonate on 125
- Serodiagnosis of *Dermatophilus congolensis* infection by counterimmunoelectrophoresis 265

- Serum enzyme activities, blood cellular components and serum protein concentrations, Changes in, in buffaloes infested with *Fasciola gigantica* 262
- Serum protein concentrations, serum enzyme activities and blood cellular components, Changes in buffaloes infested with *Fasciola gigantica* 262
- Serum protein values from clinically normal cats and dogs determined by agarose gel electrophoresis 343
- Sheep and pigs given the tremorgenic mycotoxins verruculogen and penitrem A, A comparative study of 183
- Skin, canine, Epidermal structure and surface topography of 99
- Soyabean flour, heated or wheat gluten, Villus atrophy and crypt elongation in the small intestine of preruminant calves fed with 305
- Squamous cell carcinoma of the horn, Restoration of E-rosette formation by levamisole and its abrogation by autochthonous serum from cattle with 142
- Staphylococcus aureus* and *Escherichia coli*, A role for IgM in the in vitro opsonisation of, by bovine polymorphonuclear leucocytes 47
- Staphylotoxin, Ultrastructural and biochemical effects of, on alveoli isolated from rat mammary gland 31
- Streptococci, group B, Electron microscopic visualisation of the in vitro phagocytosis of, by bovine polymorphonuclear leucocytes 333
- Streptococcus, group B, In vitro bactericidal assay of bovine polymorphonuclear leucocytes against 240
- Strongyle egg output of adult dairy cows in the Netherlands, Seasonal pattern in
- Tear flow rates, normal bovine 262
- Theileria parva*, Cycle of bovine lymphoblastoid cells parasitised by 298
- Theileria parva* infection in cattle, Indirect fluorescent antibody test for experimental and epizootiological studies on. Evaluation of a cell culture schizont antigen fixed and stored in suspension 360
- Theileria* spp piroplasms, Surface membrane components of, and associated complement fixation activity 1
- Tiamulin and tylosin tartrate effects on experimental piglet pneumonia induced with pneumonic pig lung homogenate containing mycoplasmas, bacteria and viruses 76
- Tremorgenic mycotoxins — A comparative study of sheep and pigs given the tremorgenic mycotoxins verruculogen and penitrem A 183
- Trichostrongylus colubriformis* and *Haemonchus contortus* in sheep, Effect of removing anthelmintic selection pressure on the benzimidazole resistance status of 54
- Trypanosoma brucei*, Immune protection of birds against a stock of 135
- Tumours, spontaneous canine, Measurement of cell loss from 375
- Tylosin tartrate and tiamulin effects on experimental piglet pneumonia induced with pneumonic pig lung homogenate containing mycoplasmas, bacteria and viruses 76
- Urinary protein loss in the dog: nephrological study of 29 dogs without signs of renal disease 366
- Verruculogen — A comparative study of sheep and pigs given the tremorgenic mycotoxins verruculogen and penitrem A 183
- Villus atrophy and crypt elongation in the small intestine of preruminant calves fed with heated soyabean flour or wheat gluten 305
- Wallabies — Haematological findings in red-necked wallabies (*Protemnodon rufogrisea*) with necrobacillosis 290
- Wheat gluten or heated soyabean flour, Villus atrophy and crypt elongation in the small intestine of preruminant calves fed with 305
- Xylazine in sheep, Effect of adrenergic drugs on glucose and plasma glucagon and insulin responses to 118
- Yersinia* species, Disc electrophoresis of phenol:acetic acid:water-soluble proteins for the identification of 43
